

fred-round_2026-10-09

Before and after pictures for every item in the matching prompt. Numbers are from today's ride:
5:30 Steady, 51°F → 73°F.

1. Hour table: carbs, sodium, water, temp, cap
2. Mix & pack becomes "Bottles": a mixing grid with tape start times
3. Closet: one row per body zone
4. Copy for coach: plain text with brand names

Bottle chips ① ② ③ and their colors match the hour chart: ① fred blue #179BCC · ② teal #1E9E9D · ③ olive #8E9A1F · the water bottle is grey. Closet layer colors: Light #E3EAB8 · Medium #A9BA3C · Thermal #5E6C10 · wind #4E6378 on #E6ECF2.

Hour table: new row order

Rows go CARBS, SODIUM, WATER, TEMP, CAP. FLUID is renamed WATER (oz · plain + mix) and FEELS is renamed TEMP. The chart and all the numbers stay the same.

Mix & pack becomes "Bottles"

Bottles go across, ingredients go down. Brand names show once at the top. TAPE shows only the start time; a bottle that starts at 0:00 gets no tape (dash). LASTS shows how long each bottle is drunk. The water bottle is always the last column. Checkboxes sit in a row at the bottom.

Closet: one row per body zone

Each row has the zone, a three-step layer meter (Light / Medium / Thermal), the level word, the item, a wind tag if there's a shell, and a checkbox. Packed rows fade. The header is one short line with the temps.
