Grey page, white groups, colored section titles with a matching top line. Hero cards stay cards.

2026-10-01 · version 1 · also: Volume six boxes + TrainingPeaks planned weeks

The grouped look with colored titles (option C)

Everything people fill in or scroll through is a grouped list. The heroes (season card, six boxes, charts, Results top numbers, last-race graffiti card, bests card, Ride card) stay cards and stand out against the grey.

- **Page** background #F2F2F7.
- **Section title** small caps, 13px/700, letter-spacing .03em, 20px above and 7px below, sitting on the grey. Text in the section's DARK color (blue #127EA6, green #5F6A12, teal #1F8F8E, black #0D0D0D).
- **White group** background #FFFFFF; TOP edge = 2px line in the section's color (#179BCC, #BECC41, #2ABCBB, #0D0D0D); bottom edge 1px #E3E3E8. Groups with no title (Details, Delete, Notes) use a plain 1px top line.
- **Rows** at least 46px tall; 1px #E3E3E8 lines between rows, inset 16px from the left; label left (16px), value right in #6E6E73, chevron when the row opens something; steppers and switches on the right; switches are black, not iPhone green.
- **Footnote** 12.5px #6E6E73 under a group (results summaries, "Copies: ...", explanations).
- **No** outlines, tints or striped rows inside grouped screens.
