FRED · DESIGN ROUND

fred-round_2026-10-13

Pictures for every TODO in the matching prompt. Canvas: “fred design 2”.

1. Ride card becomes the ride ticket (deep blue)
2. Plan page: ticket · Settings · Crunch. Advanced settings page removed
3. One box style for every section (border only)
4. Weather card: gauge tiles
5. Settings regrouped into boxes
6. Adjust this ride: the one place for one-ride changes
7. Upcoming workouts: boxed list, Plan it sets the time and collapses the list

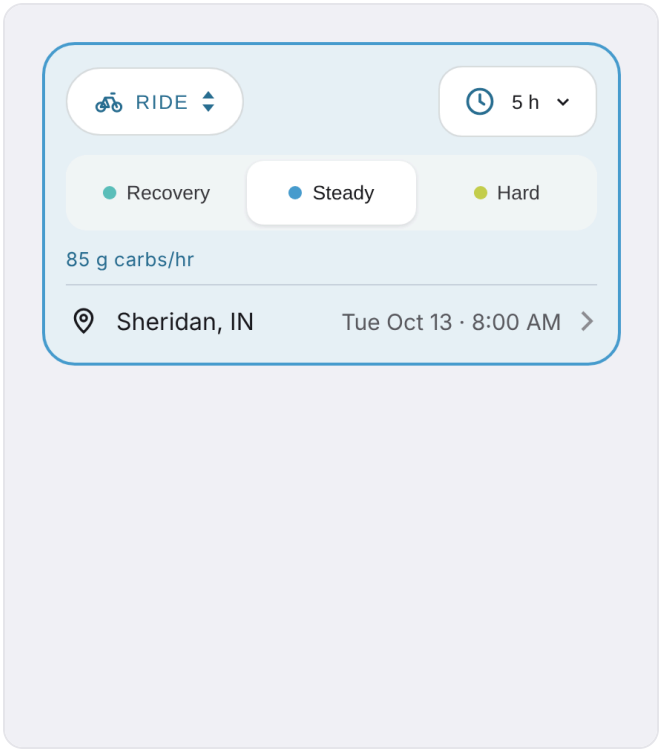

Mocks simplify what sits inside sections. Where a mock and the live app differ inside a box (hour chart, Packing grid, closet rows, totals), the live app wins. Values in mocks are examples.

TODO 1

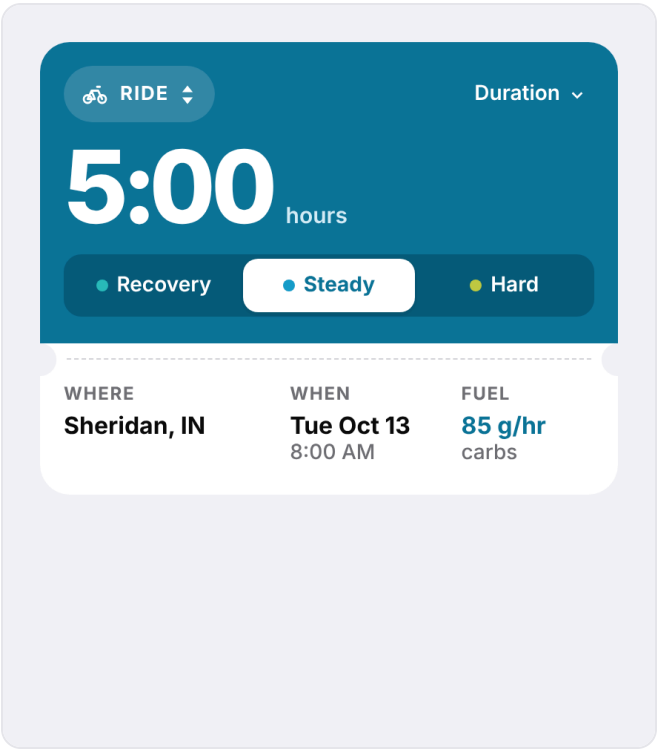

Ride ticket (deep blue)

Top half #0B7399 with white text: sport chip, Duration ⌄, the big duration, the effort control. Dashed tear line with notches. Bottom: WHERE · WHEN · FUEL.

NOW

NEW

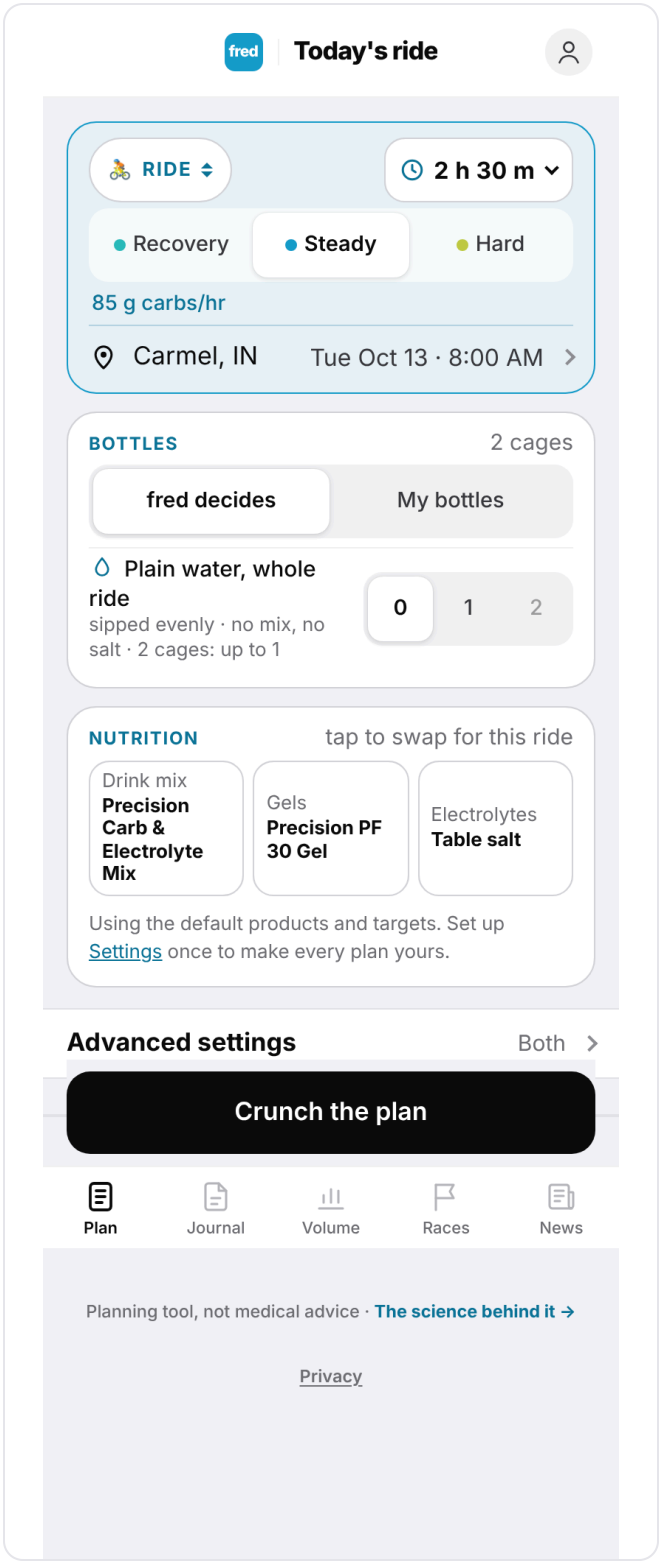

TODO 2

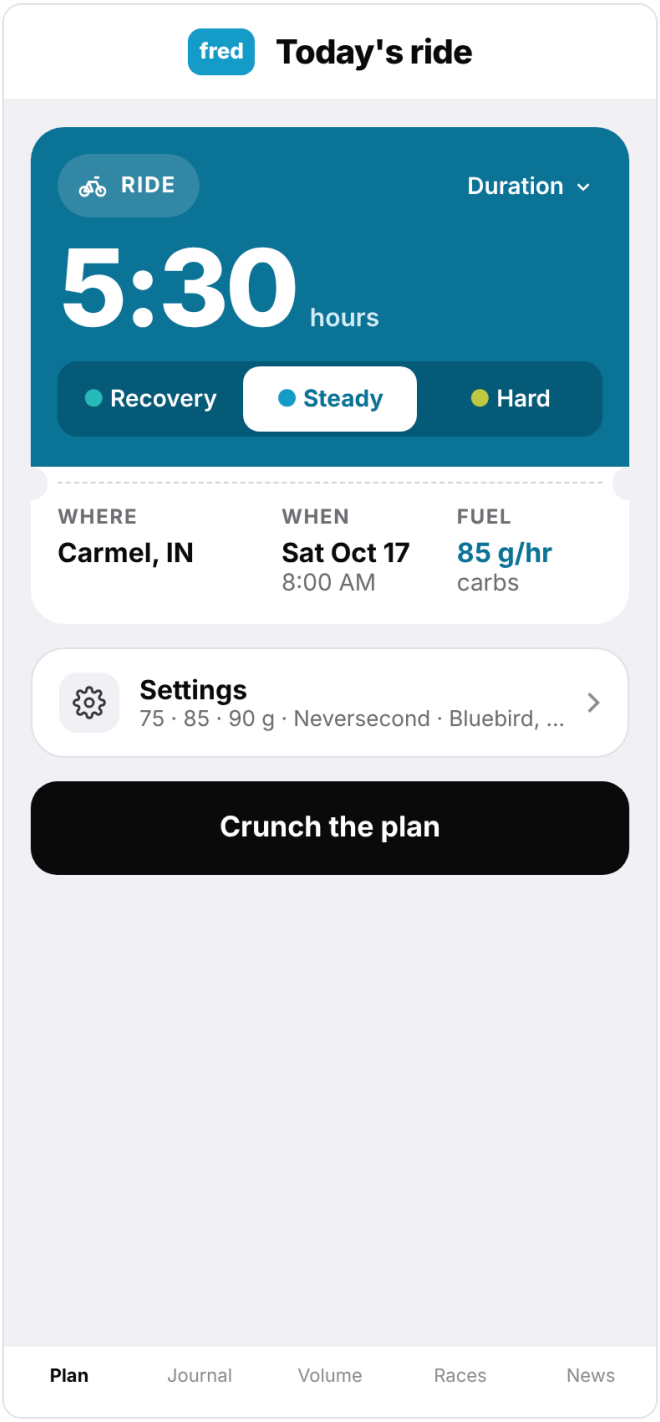

Plan page before Crunch

Ticket, one Settings box, Crunch the plan. Bottles, Nutrition and Advanced settings leave this page.

NOW

NEW

TODO 3

One box style (border only)

Every section is a rounded white box with its title inside. No full-width colored rules, no titles on the grey. Insides unchanged.
