Breakpoints and the computer shell

- **Phone < 700px** today's layout, unchanged (bottom tab bar, single column).
- **Tablet 700–1099px** phone layout, content max 720px, centered.
- **Computer ≥ 1100px** the layouts on pages 3–6.
- **Sidebar (232px)** fred logo + name at the top; Plan · Journal · Volume · Races · News with icons, active one on a white pill; account at the bottom (initials, name, "Settings").
- **Page header** big left-aligned title, page actions on the right as buttons.
- **Content** max width 1240px, 32px side padding; panels side by side; the same grouped lists, cards and colors as the phone.
- **Niceties** hover states, visible keyboard focus, shortcuts (1–5 tabs, / search, Esc closes), links open in new tabs, charts/tables use the panel width.
- **Races + Journal (no mockup)** Races: last race + Your bests left, all races + chapters right; big table full width. Journal: timeline left, selected entry right; check-in opens as a right-hand panel.
