

The News tab: Racing · Commentary · Other

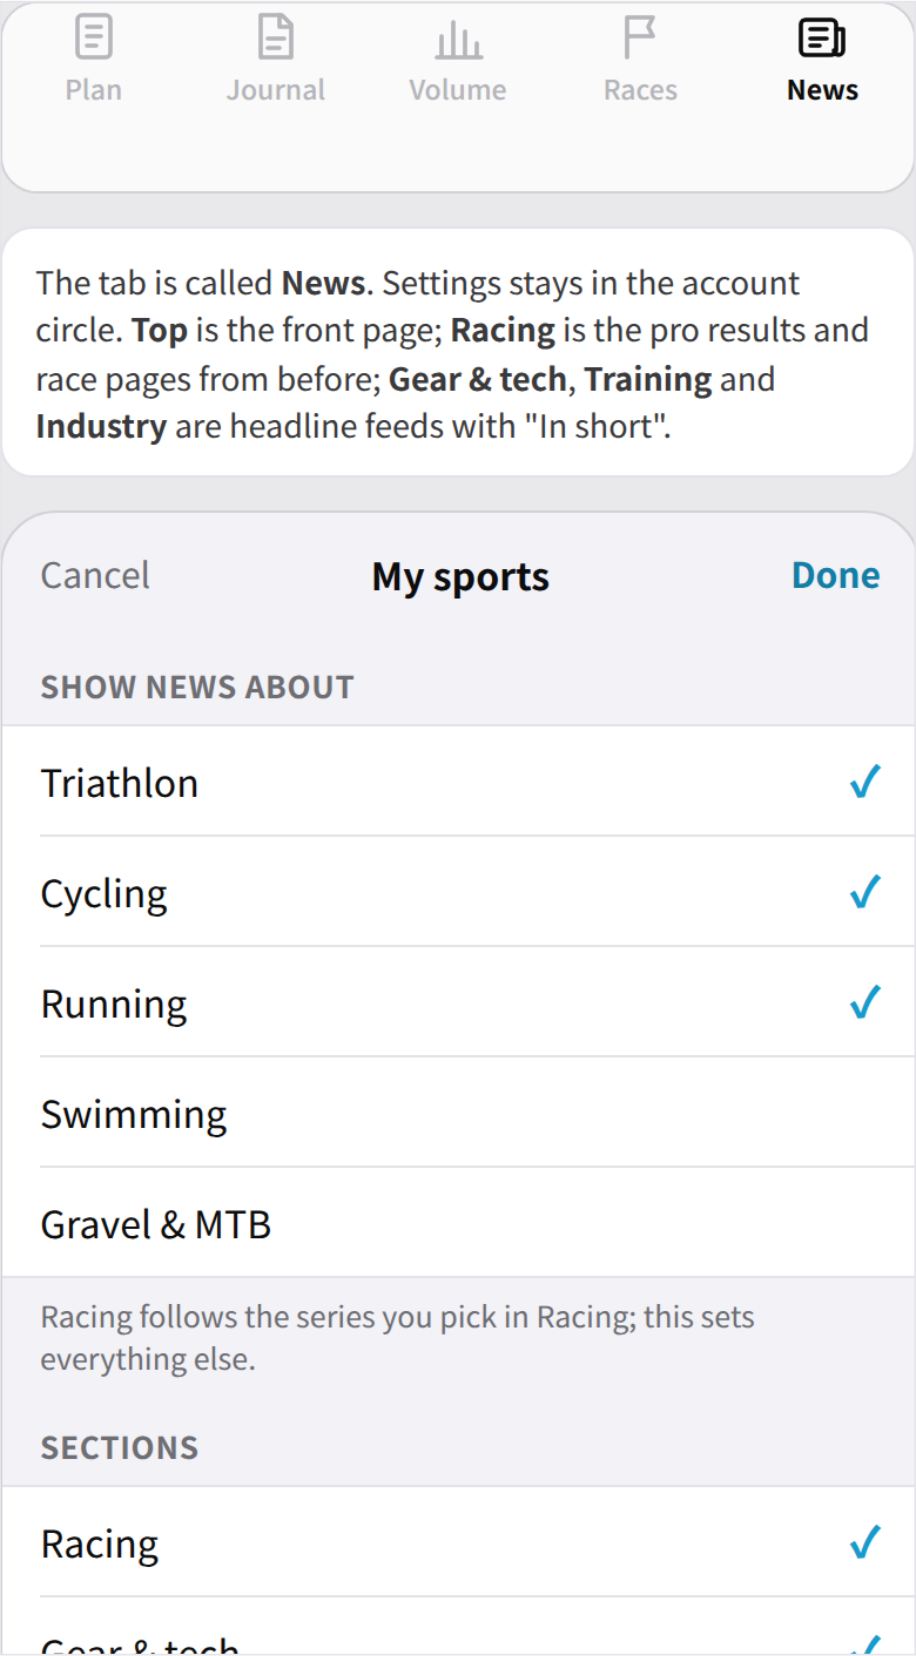

Pro racing data, what people are saying about it, and the rest of the endurance world. Facts and links in; short summaries in fred's words out.

2026-10-01 · v1 · all athletes, results and headlines in these mockups are sample data; outlet names are real examples

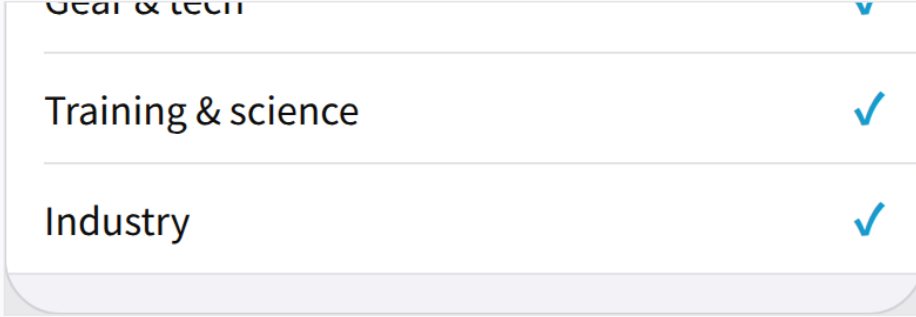

News tab; Settings in the account circle

- **Bottom bar** Plan · Journal · Volume · Races · News (newspaper icon). Five tabs.
- **Settings** the account circle at the top-right of every page opens Settings (same page as today); /settings deep link still works; a small dot on the circle when Settings needs attention (e.g. Strava reconnect).
- **Races** unchanged: the athlete's own races and wins.
- **News** three tabs at the top: Racing · Commentary · Other (remembered per device).
- **My sports** sheet (from News > Other, and in Settings): Triathlon, Cycling, Running, Swimming, Gravel & MTB; sets what Other shows.

News

Commentary: what people say about the racing

- **Chips** All · Articles · Podcasts · IRONMAN · T100 · WTCS.
- **RECAPS (green)** articles after races: source tag, date, read time, the source's headline, "In short:" one sentence by fred, "Read on {source}".
- **PREVIEWS (blue)** articles before races, same format.
- **PODCASTS (black)** episodes: show, date, length, title, "Talks about {race}" at mm:ss" when the episode notes give a timestamp, "Listen".
- **Matching** each item is linked to its race(s) and pro(s); the same items appear on race pages and pro cards.

Other: the rest of the endurance world

- **Chips** All · Gear & tech · Training · Industry · Cycling · Running (+ "Showing: Tri · Bike · Run · My sports >").
- **GEAR & TECH (teal)** new products and tests; category tag (Bikes, Wheels, Wearables, Shoes, Nutrition, Swim); "Tested" only when the source used the product; fred summarizes, never rates.
- **CYCLING & RUNNING (blue)** non-triathlon endurance news.
- **INDUSTRY (black)** events, brands, pricing, rules, qualifying.
- **Every item** source, sport tag, category, age, read time, headline, In short, Read on □.

The story, results, coverage

- **THE STORY (green)** 1–3 lines in fred's words, each with its source tag + link; footnote "Written by fred from the reports below".
- **RESULTS (green)** top 5 women and men (tap → pro card); WTCS adds splits; link to full official results.
- **COVERAGE · READ / LISTEN** the Commentary items linked to this race.
- **Back link** "< News".

Northbay T100

T100

Sun, Sep 27, 2026 · Northbay · 2 km / 80 km / 18 km

THE STORY

1

Lind ran down a 40-second deficit and won her second T100 of the season.

Tri247 source ↗

2

Berg broke away on the final bike lap and held a 15-second lead to the line.

Slowtwitch source ↗

3

Keller's runner-up finish keeps her within 16 points of the series lead.

T100 source ↗

Written by fred from the reports below. Each point links to its source.

```

- **Schema** JSON Schema in the repo; jobs and CI refuse to publish a file that fails it; the app keeps the last good copy.
- **Size** ≤ ~400 KB: 8 weeks of races/results, 60 days of items, ≤ 300 pros.
- **IDs** stable slugs (series-place-year, first-last).

Rules and acceptance

- **Facts and links only** no article text, transcripts, photos or copied results tables are stored or shown. Headlines are the source's own titles, linked. Everything fred writes is one or two sentences, in its own words, credited.
- **Results confidence** a podium/time is published only from an official source (World Triathlon API, official press release) or when two independent reports agree; otherwise the race shows "Results coming" with links.
- **Strava** profile link only; never pull or show other athletes' activities.
- **Polite fetching** User-Agent "fred-news (+https://fuel.bluebirdmultisport.com)", respect robots.txt, one fetch per source per run, cache.
- **Takedowns** "Report a problem" at the bottom of News → email; any source can be disabled in sources.json without code changes.
- **Reliability** missing file → friendly empty state; stale (> 10 days) → "Updated {date}"; offline → last cached copy; no item without a working link.
- **Look** house style (grouped lists, colored section titles + top lines), series tags, initials avatars, contrast AA, larger-text matrix.
